The Emoji-To-English Dictionary: Your Text-Message Translation Guide

Synopsis

If you think you're good at coming up with imaginative emoji combinations, think again! The Emoji-to-English Dictionary challenges you to step up your game with more than 100 phrases that will have you ROFL. This unique guide gives you the lowdown on the most hilarious and unexpected emoji phrases around. Divided by topic, each chapter translates dozens of emoji combinations into plain ol' English, so that you can quickly incorporate them into your messages--and even brainstorm crazy one-liners of your own! Complete with illustrations of each emoji phrase, The Emoji-to-English Dictionary provides you with the tools you need to truly master the world of emojis.

Product Dimensions: 7.5 x 0.4 x 5.5 inches

Shipping Weight: 4.8 ounces (View shipping rates and policies)

Average Customer Review: 3.4 out of 5 stars 17 customer reviews

Best Sellers Rank: #490,503 in Books (See Top 100 in Books) #66 in Books > Humor & Entertainment > Humor > Computers & Internet #96 in Books > Reference > Dictionaries & Thesauruses > Slang & Idioms #633 in Books > Humor & Entertainment > Humor > Parodies

Customer Reviews

"Words are no longer important. It's all emojis. We never really have to speak again, unless... Well sometimes there's not an emoji for what you're really trying to say. So you've got to improvise or get creative. That's the brilliance behind The Emoji-To-English Dictionary." - BroBible

"It had to happen. Adams Media has come out with The Emoji-to-English Dictionary, which treats the world-changing topic with all the seriousness it deserves, like when it links the symbols of pizza, a restroom, a boy running and an explosion. What do they add up to? Food poisoning, of course." --SF Gate

Adams Media provides helpful, funny, and inspiring books on a wide variety of topics, so no matter who you are, we've got you covered. Our editors are just like you--living, loving,

and learning every day. Our personal experiences and expertise in our given book categories allow us to bring you some of the best content on the market— from parenting to relationships, to the paranormal, cooking, and humor— we cover what you care about.

My mum communicates almost exclusively via text message emojis. Now I'll be able to understand her!

I was struggling through everyday life. It was so hard to find work and even harder to keep it! I could hardly function in society anymore - I could barely buy groceries. I couldn't understand anyone! Then I found this guide and suddenly I could communicate with the world again - I could finally understand Emoji. I am a biochemist now (I didn't even finish high school!) and I can't swing a dead cat around without knocking over a pile of job offers that arrive in the mail every day. More importantly, I have a lot of dead cats around because I'm so rich, I don't need to feed them, I just go buy new ones when they starve. This book changed my life forever.

Should warn that book is for older ones, there are some dirty things in here that had I known I wouldn't have bought.

This was limited in content and a bit disappointing. Save your money.

I'm somewhat shocked to see other reviewers are complaining about the swears. Because, uh, what kind of person are you, that you're giving a person too young to swear a phone to text with? Anyway, now that I'm old enough to be scandalized by the idea that young children are allowed to text, I'm also old enough to be so out of touch that I desperately needed some way to learn how to interact with the growing importance of emojis in society. I spent an hour last week distraught that google chat (oh, I'm sorry, "hangouts") eliminated my favorite, tasteful, simple emoticons in favor of loud and obnoxious emojis. I really liked the clever little heart that animated and turned pink, it had nostalgic value for me and now it's gone like all the friendships I forged in college. I'm actually kind of angry that society has evolved to the point I can no longer ignore emojis. God damn it, get these yellow disembodied eldritch face things off my lawn! Not that I have a lawn because lawns are wasteful and expensive! Thank God, seriously, go to Mass and say a prayer, that Adams Media developed this guide, because it's been hard. Did you know they made a movie about emojis? How?/? does that even work? how is that allowed? but now, thanks to this book, I can

understand those of my friends who have been assimilated AND respond in the very same language of demented, alien ideographs. I recommend purchasing this handy dictionary in conjunction with the poop emoji pillow available from distinguished retailers like Wal Mart. Then the next time someone uses an emoji in your vicinity, you can both understand what they are saying AND throw the pillow at them in order to strongly convey your feelings about emojis.

Reading this book is kind of like shopping at Costco. Just like you didn't realize you needed that 50 pack of glitter glue until you passed it on the endcap, you never knew you really wanted to say "no s***, Sherlock" in emoji until this book showed you how.

I picked this up to flip through waiting in line, and I was surprised to find myself laughing hard enough to disturb both the people behind me and the people in front of me. It would have been even more clever as a puzzle, maybe Adams Media could put that out next! This would make a good stocking stuffer for a texting-obsessed teen.

Well, if genuine Well if genuine LOL (which is to say, I actually did, literally, laugh out loud, on numerous occasions) this one is a real winner! I had no idea there were so many creative ways to merge emoji. I feel I am edging into a whole new world of communication!
