Adore this little book! I have been following the author's cross-stitch adventures for years and I'm happy to have all her snarky little patterns in this book. I don't cross-stitch but I can appreciate a good stitch. Would make a great gift (probably not best for the little ones). Super fun addition to my boring coffee table. There are definitely quite a few pages that made us laugh out loud! Highly recommended.

Love this book! Just what I was looking for for my cross stitch book collection. Just the right amount of smart ass and fun.

Fun, whimsical, a little dirty, a lot dirty, and unique! A wonderfully unique book that's the perfect gift for your filthy-minded friends. I've bought some of the author's original cross-stitches from Etsy in

the past as gifts and they were very well received. Bravo!

Absolutely fantastic. Love erry page.

Awesome! So amazing and hilarious!

\*\*\*Warning\*\*\*This is not a pattern book. It only has \*\*pictures\*\* of finished cross stitch. There is an ad in the back if you want to order the patterns off Etsy by the author...

While I love a good, snarky piece of subversive craft - especially ones that incorporate some cleverly placed swearwords - Bless This Mother-Effing Home seemed to have no great thought behind it, so claiming the subversive crafting label seems a bit misplaced. Furthermore, I had expected it to feature actual charts/instructions for cross stitching the pieces yourself, but that was not at all the case. So, if you want to look at cross stitch pieces that feature swearwords just because, you might enjoy this book - and you do get the chance to rip out your favourite pieces if you buy the physical copy - but otherwise I would skip it.\*I received an ARC from Netgalley, the review is my own, honest opinion.\*

I have a few of Katie's work but also have made a few of my own with her patterns... She is a friend of mine and she rocks!!! Buy this book!!!!
